Personal Statement

I have extensive experience as a stunt coordinator, fight choreographer, stunt performer, precision/stunt driver and stunt/ wire rigger working in the film industry for **35 years with over 350 International and NZ credits.**

This experience has covered a wide range of productions - from precision driving, to coordinating large action sequences involving fights, wire rigs, doubles and lead actors - shooting these efficiently and safely.

My sporting background as a successful national level competitor in both motor sport and martial arts lends well to this industry.

There is no compromise for on set experience, and with many 1000's of stunt sequences under my belt and the ability to innovate and create the "look" you require, I offer a professional and total service from your script breakdown, stunt coordination, to collation of appropriate stunt personnel and supply of latest equipment & techniques.

Please visit my web site www.stunts.co.nz to view my show reel, photo gallery, credit list & equipment

Also view Face book for 100's of photos & various videos.
